Hi {{first name}}

We got this.

If you are a Zendesk CRM client right now, you might be freaking out, just a little bit. The ownership situation is murky, and being acquired by private equity can be unnerving.

You are thinking, what's going to happen to my CRM? My Customer Experience depends on it. And CX is mission critical.

Relax. We got this.

We're ASAR Digital, an SAP Gold Partner.

Hi {{first name}}

Have you outgrown your Zendesk CRM?

Is Zendesk not able to support your new customer service processes and workflows post-pandemic?

You are NOT alone! Many of our customers were in a similar situation before we migrated them to SAP Service Cloud! Based on our experience with many Zendesk migrations, we have built a Zendesk to SAP Service Cloud Migration Package to help businesses easily transition from Zendesk to SAP Service Cloud.

**WHAT'S INCLUDED IN THE PACKAGE?**

- FREE Assessment of your Zendesk application, integrations, and data to be migrated.
- SAP Service Cloud License (same number of users as Zendesk)

- Configuration of following processes:
    - Unified Inbox
    - Ticket Management
    - Communication System
    - Customer Management
    - Workflow Management
    - Reporting and Analytics
- 3rd Party Integrations as needed
- Data Migration (customers and tickets)
- End User Training

**HOW LONG DOES IT TAKE TO COMPLETE THE MIGRATION?**
Depending on your current Zendesk application scope, customizations, and volume of data to be migrated. We can provide the estimated timeline after the initial assessment.

**HOW MUCH DOES IT COST?**
The actual cost of the package is determined after the initial assessment.

**HOW DO WE START?**
Please complete the survey to schedule a FREE assessment of your current Zendesk application.
