# Market **Forecast**

*Resident astrologer* ***Kate Chadwick*** *provides your planetary predictions with a particularly local twist*

**Aries** (3/21-4/19): December is shaping up nicely, ram friends—all's quiet on the romance, family, and health scenes. Career, however—are you feeling stuck? Why not volunteer for a spell at the West Chester Food Cupboard? It'll shift your thinking.

**Taurus** (4/20-5/20): So...babies? For you, or someone close to you? December says we'll see a baby (or news of a pregnancy) heading in your direction, bullish buds. Whether it's a wee one of your own or friends or family expecting, get thee to H. Rose, stat.

**Gemini** (5/21-6/20) No one matches your talent for running yourself straight into the ground, twin stars. Rein in some of that hyperactivity before you impair your health, or at least ruin your holidays. Up your organic veggie intake at West Chester Food Co-op.

**Cancer** (6/21-7/22) You've got it going on this month, Cancer. If you're paired, all is harmonious; if you're single, you're ready to mingle. Find yourself something smashing to wear at Tish (ladies) or Phineas Gage (gents).

**Leo** (7/23-8/22) December is a mixed bag, lovely lions: smooth sailing If you're coupled; dial back your aggression if you're not. Your health's on the upswing, which is swell because business is dismal. You need a massage. Get to Healing Hands a.s.a.p.

**Virgo** (8/23-9/22) Slow and steady now, Virgo friends. You're feeling good and all's well in romance, but you'll want to watch what you say at those family holiday gatherings. Pick up a book on etiquette at Second Reading. Or Baldwin's. Or both.

**Libra** (9/23-10/22) Family, finances, relationships—all's quiet on the western front, which you love, balanced one. A little too quiet, maybe? If you have vacation time banked, take it. Hit Whirlaway and plan a trip outside your comfort zone.

**Scorpio** (10/23-11/22) Oh, stoic Scorpio—you do play your cards so close to your chest. Tis the season, though, to express how we feel to those we love. You can do it. And if you can't, stock up on some greeting cards that will do it for you at Kaly.

**Sagittarius** (11/23-12/21) Your talent for foot-in-mouth disease is the stuff of legends, archer pals, but please watch your footing this December. Overindulgence in food + drink = accident prone. Make it a mocktail if you're hitting WC's bars for merrymaking.

**Capricorn** (12/22-1/19) You're all about making it rain, steadfast goat, and in many ways, that's what the season has become. But your loved ones want your attention as well. Set aside time for simple things like strolling around town under the holiday lights.

**Aquarius** (1/20-2/18) You're a free spirit, Aquarian—sometimes the concept of diplomacy escapes you, but it'll serve you well this month. If you're looking for love, after the 15th is the ticket. Hit happy hour at Split Rail and see what happens.

**Pisces** (2/19-3/20) If anyone gets the concept that the holidays are about the heart and not the wallet, it's you, gentle fish. And if you're single, you've got a love-at-first-sight opportunity this month. Get yourself to La Difference Day Spa so your external glow matches the internal one. **–kchadwick@thewcpress.com**
