Market **Forecast**

*Resident astrologer **Kate Chadwick** provides your planetary predictions with a particularly local twist*

Aries (3/21-4/19): Things are looking fab for you this month, rambunctious ram: stars aligned in love, fam, health, and social life. Oh, wait—remember work? If home is too distracting, reserve a spot at Align Space and check in at the office.

Taurus (4/20-5/20): Oh, steadfast bull, your stubbornness is legend, but you get in your own way, particularly in love. Anticipate bumps late in August. Meet your S.O. for oysters at Greystone Oyster Bar and compromise.

Gemini (5/21-6/20) August will shake things up for you, dualistic dynamo. Things can get testy on the family and work fronts. Your love life, however, is in for a positive jolt. Travel aspects look good—call Whirlaway and plan a trip.

Cancer (6/21-7/22) Career stressors are looming this month, crab friends, and watch your spending!. Plan a staycation. You're a homebody anyway; spend time with children at Everhart Park—borrow someone else's if necessary. It'll ground you.

Leo (7/23-8/22) To quote the Talking Heads, you're talking a lot, but you're not saying anything, majestic amigos. Communication is a two-way thing, and your reckless conduct hurts others. Have coffee with a friend at Gryphon Café and listen. You'll feel better

Virgo (8/23-9/22) Your meticulous standards can isolate you, methodical Virgo. Your expectations bring out the best in people but might also push them away. Work on yourself with like-minded others in a group fitness class at ACAC.

Libra (9/23-10/22) The second half of August might have some love in store for you, light-hearted Libra, likely someone introduced by a friend. Every outfit is a costume for you, but be ready with a wardrobe or accessories refresh at Kaly.

Scorpio (10/23-11/22) Your charisma is through the roof this month, dearest Scorpio—people are drawn to you and your career is on a roll. Take the colleagues to Saloon 151 for happy hour. You're buying.

Sagittarius (11/23-12/21) Oh, impatient archer, slow your roll. There'll be some chaos on the home front and someone's gotta fly the plane. Guess what? That's you. Sign up for yoga at eat.drink.om.Yoga Café. You'll need it.

Capricorn (12/22-1/19) You may hit a bump in your career road this month, go-getting goat, but no one works harder than you. So, here's an idea: put that industrious nature to work around the house. Visit Pine + Quill for home and garden ideas.

Aquarius (1/20-2/18) Besides Gemini, they don't really make them more independent than you, water-bearing friends. But August will ask you to rely on others. Thank your friends and fam with an end-of-summer party. Peter Clark Kitchen caters!

Pisces (2/19-3/20) The universe will be sending some interesting prospects your way this month, faithful fish—ready or not!—in both love and career. Throw your typical caution to the wind, and be bold and brave. Maybe a whole new look at Velvet Hair Studio?
