SINGLEOPS by GRANUM

YOU'RE INVITED

Winter-Proofing Your Tree Care Business

How Tree Care Pros Keep Crews Busy and Revenue Up in the Winter

When demand dips, the best tree care pros don't hit pause—they get proactive.

Join SingleOps by Granum for a **free virtual panel** where seasoned operators share how they keep work moving, crews motivated, and revenue coming in—even when the temps drop.

Here's what you'll take away:

- How to pre-sell pruning and removals with clear options and tight follow-ups
- What minimal tree data to track for smart winter triage and risk reduction
- Human-feeling automations that help you win work and get paid faster
- How to stay consistent on pricing now—and set confidence for 2026
- Low-lift ways to build crew morale: micro-trainings, clear plans, and rituals that show appreciation

Whether you're facing snow days or slow days, this session is packed with real strategies you can apply right away.

Can't make it to the live session? Register anyway, and we'll send you a recording!
