To Whom it May Concern,

It is my pleasure to write this letter of recommendation for Abby Wensell. In my role as a Duquesne University Supervisor, I have had the opportunity to work closely with Abby this semester. One of Abby's many impressive qualities is her ability to relate well to students, teachers, and staff. Along with being dependable, organized, and enthusiastic, she provided engaging educational experiences for her second-grade students.

Abby's classroom environment was one of a learning community where students felt safe and respected. Her dedication to students was evident in the way they participated in lessons with interest and enthusiasm. Abby displayed effective use of class time and provided numerous opportunities for students to interact through large and small group activities.

Throughout her instruction, Abby was able to successfully engage students in learning activities, incorporate technology into her lessons, and convey excitement for all subject matter. Abby has a strong knowledge of educational content & pedagogy which allowed her to construct lessons that met the instructional goals of her students.

It is without hesitation that I recommend Abby Wensell for any teaching position within your school district. She continues to establish high goals for herself and strives to achieve them. If I can provide you with additional information, please do not hesitate to call me at 412.580.6426 or email me at babicha@duq.edu.

Respectfully,

Andrea Babich
