To Whom It May Concern,

I am pleased to write this letter of recommendation for Jamie Mustard. I have had the privilege of working with Jamie for several years. This was during Jamie's tenure while she was affiliated with Practivity. In her role there, Jamie consistently showed understanding of the insurance program, its needs, keen problem-solving skill, willingness to work together to resolve issues and strong ability to work under tight time constraints.

During her time at Practivity, Jamie made a significant impact by fighting to ensure the insurance program was properly administered. This was through ensuring the full scope of the life-saving healthcare programs were made known and understood by all parties, thus enabling successfully implementing insurance coverages for critical medical practices.

Beyond technical ability, Jamie is a highly motivated and collaborative professional who consistently exceeds expectations. We have had numerous interactions that occurred beyond normal business hours, proving Jamie putting business needs to the forefront. I have no doubt that Jamie will bring the same level of excellence to any role she undertakes.

Please feel free to contact me at michaelsw25@gmail.com if you require any further information.

Sincerely,

-Michael Weiss, CPCU
