A detailed image of the Space Shuttle Columbia in flight, ascending diagonally from the bottom left towards the top right. The shuttle is white with orange solid rocket boosters and a white external tank. A large, bright orange and yellow flame and smoke plume is visible at the base of the boosters. The background shows a blue sky with scattered white clouds and a view of the Earth's surface below. A white rectangular box with a thin border is positioned in the upper left quadrant, containing the text '4.9 MILES A SEC'. A thin white line extends from the bottom right corner of this box, pointing towards the side of the shuttle's main body.

4.9 MILES
A SEC

Now AS9100 Certified.
