

Hello Residents,

Happy New Year! Welcome to your January 2025 edition of Community Corner.

This month, we'll cover how to safeguard your pipes this winter and how to survive winter storms with some emergency preparedness tips. We will also celebrate Martin Luther King, Jr. and his legacy of championing civil rights and equality.

Our team is always ready to help with your home maintenance needs. For emergency maintenance, please call 833.774.7377. For routine maintenance service, please submit a request online.

HOME MAINTENANCE
Frozen Pipes? Not on Our Watch!

Winter weather can be brutal, so it’s best to be proactive to keep you and your family safe, while also avoiding potential damage to your home and excessive energy usage. We want you snuggling by the fire, not dealing with frozen pipes.

Check out these tips on preparing for freezing temperatures.

EMERCENCY PREPAREDNESS
Storm-Ready Safety Tips

During winter, the risk of ice storms and extended power outages increases. These conditions can create significant challenges, from slippery roads to freezing temperatures. Preparing in advance and knowing how to stay safe can help you and your household weather the storm with less stress.

Here are some tips to keep you safe.

DR. MARTIN LUTHER KING, JR. AT
A Dream of Equality

Martin Luther King Jr. inspired a vision of unity, equality, and service that continues to shape our communities today. As residents, let’s honor his work by creating a society where everyone is respected.

Together, we can continue Dr. King’s dream of a more just world.
