

CONSTRUCTION

A choice of vehicle is about more than just getting your team from A to B. A well-kitted construction van can allow you to get on with the job in hand, without worrying about how you are going to power your tools or find the right screw, nail, washer.

AT OBP, WE WILL FIT OUT AND MAINTAIN YOUR BESPOKE CONSTRUCTION FLEET TO A STANDARD THAT MEANS YOU'RE READY FOR ANY JOB, BIG OR SMALL. WHAT SETS US APART?

ONBOARD POWER

Thanks to our versatile driveline compressor unit, we can provide onboard power for your vehicles. Fitted at the rear of the vehicle, the compressor delivers power through the prop shaft.

The delivery system channels power to electrical generators, which in turn operate larger machinery on site, such as:

- ✓ Electric breakers
- ✓ Blasters
- ✓ Angle grinders
- ✓ Water pumps
- ✓ On-site lighting

INTERIOR CONSTRUCTION: PANELLING AND STORAGE

We can help transform your fleet of commercial vehicles with our top of range panelling service. No matter the make and model, our made-to-measure panelling will suit you.

Options for van linings include:

- ✓ Plywood
- ✓ Fluted plastic
- ✓ Aluminum

We offer several racking and storage options, making your tools and materials of all shapes and sizes easy to reach and store.

Other interior construction solutions include:

- ✓ Electrics and lighting systems
- ✓ Tailored partition systems
- ✓ Cutting benches

SAFETY SOLUTIONS

At OBP, we want to look good and feel safe, which is why our exterior livery includes:

- ✓ Vinyl
- ✓ Full-colour wraps
- ✓ Hi-Vi reflective tape

And our insurance-approved security includes the options of:

- ✓ Alarm systems
- ✓ Dead locks and lock protection
- ✓ Tailgate and rear step fitting
- ✓ Warning beacons and sirens
- ✓ Rear and front reflective markings

OUR GUARANTEE

At every step of the process, you will be consulted and advised about the solutions which best suit you. Our experts can devise the best plan for your fleet's fittings, technology, and interiors.

We want you to be satisfied by our work, which is why we also offer a comprehensive maintenance and breakdown service for onboard power equipment, so you'll never be stuck.
