Business English *with Christina*

Christina Rebuffet

Christina is a recognized expert in French-American Intercultural Communication and Business English.

She has personally coached 100s of clients who have created successful businesses in the USA and secured important contracts with US clients & investors.

Her online courses have been shortlisted for awards for innovation in Business English, and she has been featured in publications such as Forbes, L'Express Entreprise, and Cadremploi.

As an American living in France, she knows what it's like to do business in a foreign culture & language and puts her expertise and enthusiasm into every program.

What people say about pitching with Christina:

"I was trying to get an on-site appointment with the biggest ski resort in the USA, to demo my company's solution. They always resisted, insisting on a remote demo. In one coaching session, Christina helped me create an email pitch to send to them. 4 hours after I sent the email, they accepted to meet me, in person! I'm flying to the USA to meet them!"

-Laurent Julliot, International Business Developer, Imagina International

What people say about pitching with Christina:

“Christina & her team helped us improve our video pitches to American clients. Before, my team was stressed about pitching on video. It took them a long time to prepare. We had to shoot the same video many times. We could only produce 5-6 videos per year. And retention was low. Now, we can produce 20 videos per year, retention is much higher, and our sales are increasing in consequence.”

-Nicolas Chantier, Strategic Marketing Director, Teledyne

What people say about pitching with Christina:

"We were able to create and promote our flagship program in English. With the price of the 10 programs we sold, we got a big return on our investment, and without Christina's programs, we could not have done this! So it's simple to see the return on investment!"

-Sophie Haimart & Anne-Sophie Gonnet, Founders of Réveil des Lionnes (France)
