**Introducing the new Bose® 701® II,
601™ IV and 161™ speakers.**

Listen to other speakers – even those costing more. Then listen to these. Bose innovations like Direct/Reflecting® speaker technology and Stereo Everywhere® speaker performance let you hear rich stereo sound almost anywhere in the room, not just one small “sweet spot” like conventional speakers. These speakers have also been engineered to work with other Bose speakers, so you can use them for both music and home theater. Hear a demo and hear the difference today. And look for savings on these speakers in November and December. Available at select Military Exchanges, the Exchange catalog and Exchange online stores.

BOSE® RELEASES ADVANCED TECHNOLOGY TO THE MILITARY.

The All-New 3•2•1 system. Surround sound from just 2 speakers.

Imagine five-speaker surround sound. Now imagine enjoying much of that same experience with fewer speakers, fewer wires and less complexity. Advanced technology in the new 3•2•1 system gives you most of the performance of premium five-speaker surround systems without center or rear speakers. And without all those extra wires. Hear the 3•2•1 along with our new Lifestyle® home entertainment systems. Look for special offers on select home theater systems in November and December 2001. Available at select Military Exchanges, the Exchange catalog and Exchange online stores. See your local Exchange or online store for details.
