We won't leave you in the dark

Transparent pricing

You deserve full disclosure about pricing structures and fees upfront. Global Payments offers predictable, customized flat rates for qualifying merchants, as well as interchange plus pricing, so you get the best fitting plan for your business, and never have to wonder about your credit card processing costs.

Reliable support

Why argue with chatbots when you can get access to 24/7/365 live customer service? Whether you need help with chargeback management or have a question about fees, our team of knowledgeable experts is ready to help.

Training and education

You don't have to settle for a provider who will purposely leave you in the dark. We'll walk you through how to read your merchant statement, so you get an accurate picture of your payment processing charges and fee breakdowns.

You'll be in good company

From iconic stadiums and enterprise chains to family-owned businesses, companies all over the country trust us with their payments.

You've got questions. We've got answers.

How does pricing work?

Our merchants have a choice of convenient and flexible pricing plans suited to their business needs. Our flat rate pricing program* delivers the same flat rate across all transactions, while our interchange plus pricing model allows our merchants to pay the same transparent mark-up rate specific to every interchange type.

**Not all merchants or transactions will qualify for flat-rate pricing; additional fees may apply. Increases in assessments by card associations may apply.*

What contract terms are available?

What information will I need to provide for approval?

How long does it take to receive my funding from credit card transactions?

Payment processing you can count on

Whether starting up or scaling up, keep moving with future-forward payment solutions designed to fit every business model, from small business to enterprise.
