Hi,

If your current advertising is already delivering all the customers you can handle...

Please ignore this email.

If not, maybe it's time to put your business where Salt Lake City actually looks.

The Primedia Network gives you premium local TV advertising at rates that make staying invisible seem expensive.

And through the **end-of-July, new advertisers can get up to \$1000 in bonus ads at no cost.** **Bonus qualifying spend defined at onboarding.*

Doing the same thing is always an option.

Getting better results is another.

Let's talk.

Just need a few minutes of your time.

Call me, text me, book on my calendar or simply reply back to this email.
