Introducing the Phoenix Collection!

Our brand new Phoenix Collection is inspired by the mythical phoenix, reborn through the flames of the Kitras furnace.

This collection upcycles scrap glass frit from the Kitras Studio and creates a brand new beautiful collection of glass.

A Phoenix piece is the perfect gift for those in your life who care about our environment and have a passion for recycling and upcycling.

By choosing a Phoenix glass piece, you're supporting our commitment to sustainability by breathing new life into material that would otherwise go to waste.
