

Got a Case of Cabin Fever? 🌻 3 Ways Our App Makes it Easy to Have Fun Outside 🥾

By The Fun Kids Club

Hi friends!

We want you to be the first to [have access to our new app](#). It will give you the push to get outside and feel rejuvenated.

When we created the app, we had two simple goals in mind:

1. Make your in-app experience easy, enjoyable, and efficient.
2. Get you *off* the app and outside with your favorite club.

We know it can be easy to complicate things, especially with the myriad options life in 2024 offers. So, let's keep it straightforward.

3 Simple Features of [Our New App](#) You're Gonna Love 😍

1. A Community of Like-Minded Outdoors Enthusiasts

You will find people who love to get out and sweat in the sun. You can easily connect with friends, make plans with others, suggest ideas, or join groups already planning to hit the trail or get on the water this weekend.

2. Map of Great Outdoor Activities Near You

Our unique map is specific to Fun Kids Club activities, created by our crack team of outdoor experts collaborating with our community. You can also view the list of upcoming events along with the map.

3. Outdoor Adventure Trophies

Remember receiving medals and trophies at your soccer games or softball tournaments as a kid? You are grown up now, and big kids should also get prizes!

Here are some of the fun medals you could achieve for participating and being you:

- Showing Up Award
- Positive Outdoorsmanship Award
- Little Acts of Kindness Award
- Big Heart Award
- Creative Play Award

We want to give props to the members with positive attitudes who are out on the field every week being kind to each other.
