**Project:** Instagram Caption for Glow and Radiance Skincare

**Goal:** Promote the brand's Vitamin C serum by highlighting its brightening, hydrating, and skin tone evening benefits in a persuasive and relatable tone.

Have you ever woken up, looked in the mirror, and seen dull, tired skin staring back at you? We all have.

The reason your skin looks that way isn't far-fetched. Pollution, stress, and constant exposure to the sun can leave your skin looking tired, uneven, and lifeless. But the good news is that you can change that.

Say hello to the **Glow and Radiance Vitamin C Serum**. It is packed with powerful antioxidants that help revive your skin and bring back its natural glow.

- **You will notice brighter, more even-toned skin in just two weeks.**
- **It helps fade dark spots and reduce the appearance of hyperpigmentation.**
- **The formula is lightweight, non-greasy, and sits perfectly under makeup.**

You do not need filters or heavy makeup to look radiant. This serum helps your real skin shine through.

One drop is all it takes. Are you ready to glow?
