

Seamless & Spectacular

The impossible becomes extraordinarily effortless with **Micato Safaris**.

ON a Private Classic Safari with Micato Safaris, your adventures are boundless. A scheduled itinerary is made private for you and your invited guests, creating an iconic journey that offers unrivaled freedom, flexibility, and personalization. With a dedicated 24/7 Safari Director, private vehicle, and concierge service, every detail is handled—from assistance with travel requirements to daily valet laundry to complimentary safari luggage. You won't even think about tipping since all Micato safaris are luxuriously all-inclusive.

Warm, knowledgeable, and deeply connected to the African bush, your Micato Safari Director and Concierge team cannot wait to create unforgettable experiences. If you can imagine it, they can arrange it. Jog alongside Maasai warriors in the Great Rift Valley, enjoy private sundowners by the fire overlooking the savannah, helicopter over Victoria Falls, and feel the earth tremble as millions of thundering hooves surge across the land. With hundreds of scheduled departure dates to choose from, that's just for starters.

Here, we share three of Micato's most sought-after journeys that are primed for your private group experience.

MICATO GRAND SAFARI

Explore East Africa's legendary savannahs: Amboseli, Maasai Mara, and the undisputed capital of all things wild—the Serengeti. Would you like to spend time with baby elephants or explore the bush by way of a hot-air balloon? It's all included in this Micato Safari.

JEWELS OF SOUTH AFRICA

Visit South Africa's top private game reserves, including the renowned Sabi Sands. Home to the Big Five, a night game drive is a must, when nocturnal animals and predators are most active. In this region, the wine tasting might just rival the wildlife viewing. Imagine viewing a cheetah up close, and sipping Chardonnay in some of the world's most beautiful winelands—all on the same day.

BOTSWANA'S TIMELESS WILDERNESS

The Okavango Delta is arguably the most miraculous place on the planet—especially when it's experienced via your own private *mokoro*. The winding waterways sustain an astonishing amount of diverse wildlife, including several endangered species. Still, this safari brings guests to even more African marvels, including Victoria Falls, the planet's grandest—and most booming—waterfall. Care to helicopter over the magical site? All you have to do is ask. — **AMY ROBERTS**
