Review

JW Marriott Ihilani Resort and Spa at Ko Olina is a luxurious resort with outstanding amenities. On-site activities make this resort the top choice for cheap hotels in the Kapolei area. For instance, the nearby Marriott's Ko Olina Beach Club doesn't have a spa on premises; guests must make reservations at the Ihilani Spa. Unlike Aulani Disney Resort, JW Marriott Ihilani has a natural lagoon on the property and saltwater ponds with interactive demonstrations with marine life. Aulani's lagoon is man-made.
