Temenos for Credit Unions

A solution transforming your member experience across all lines of business

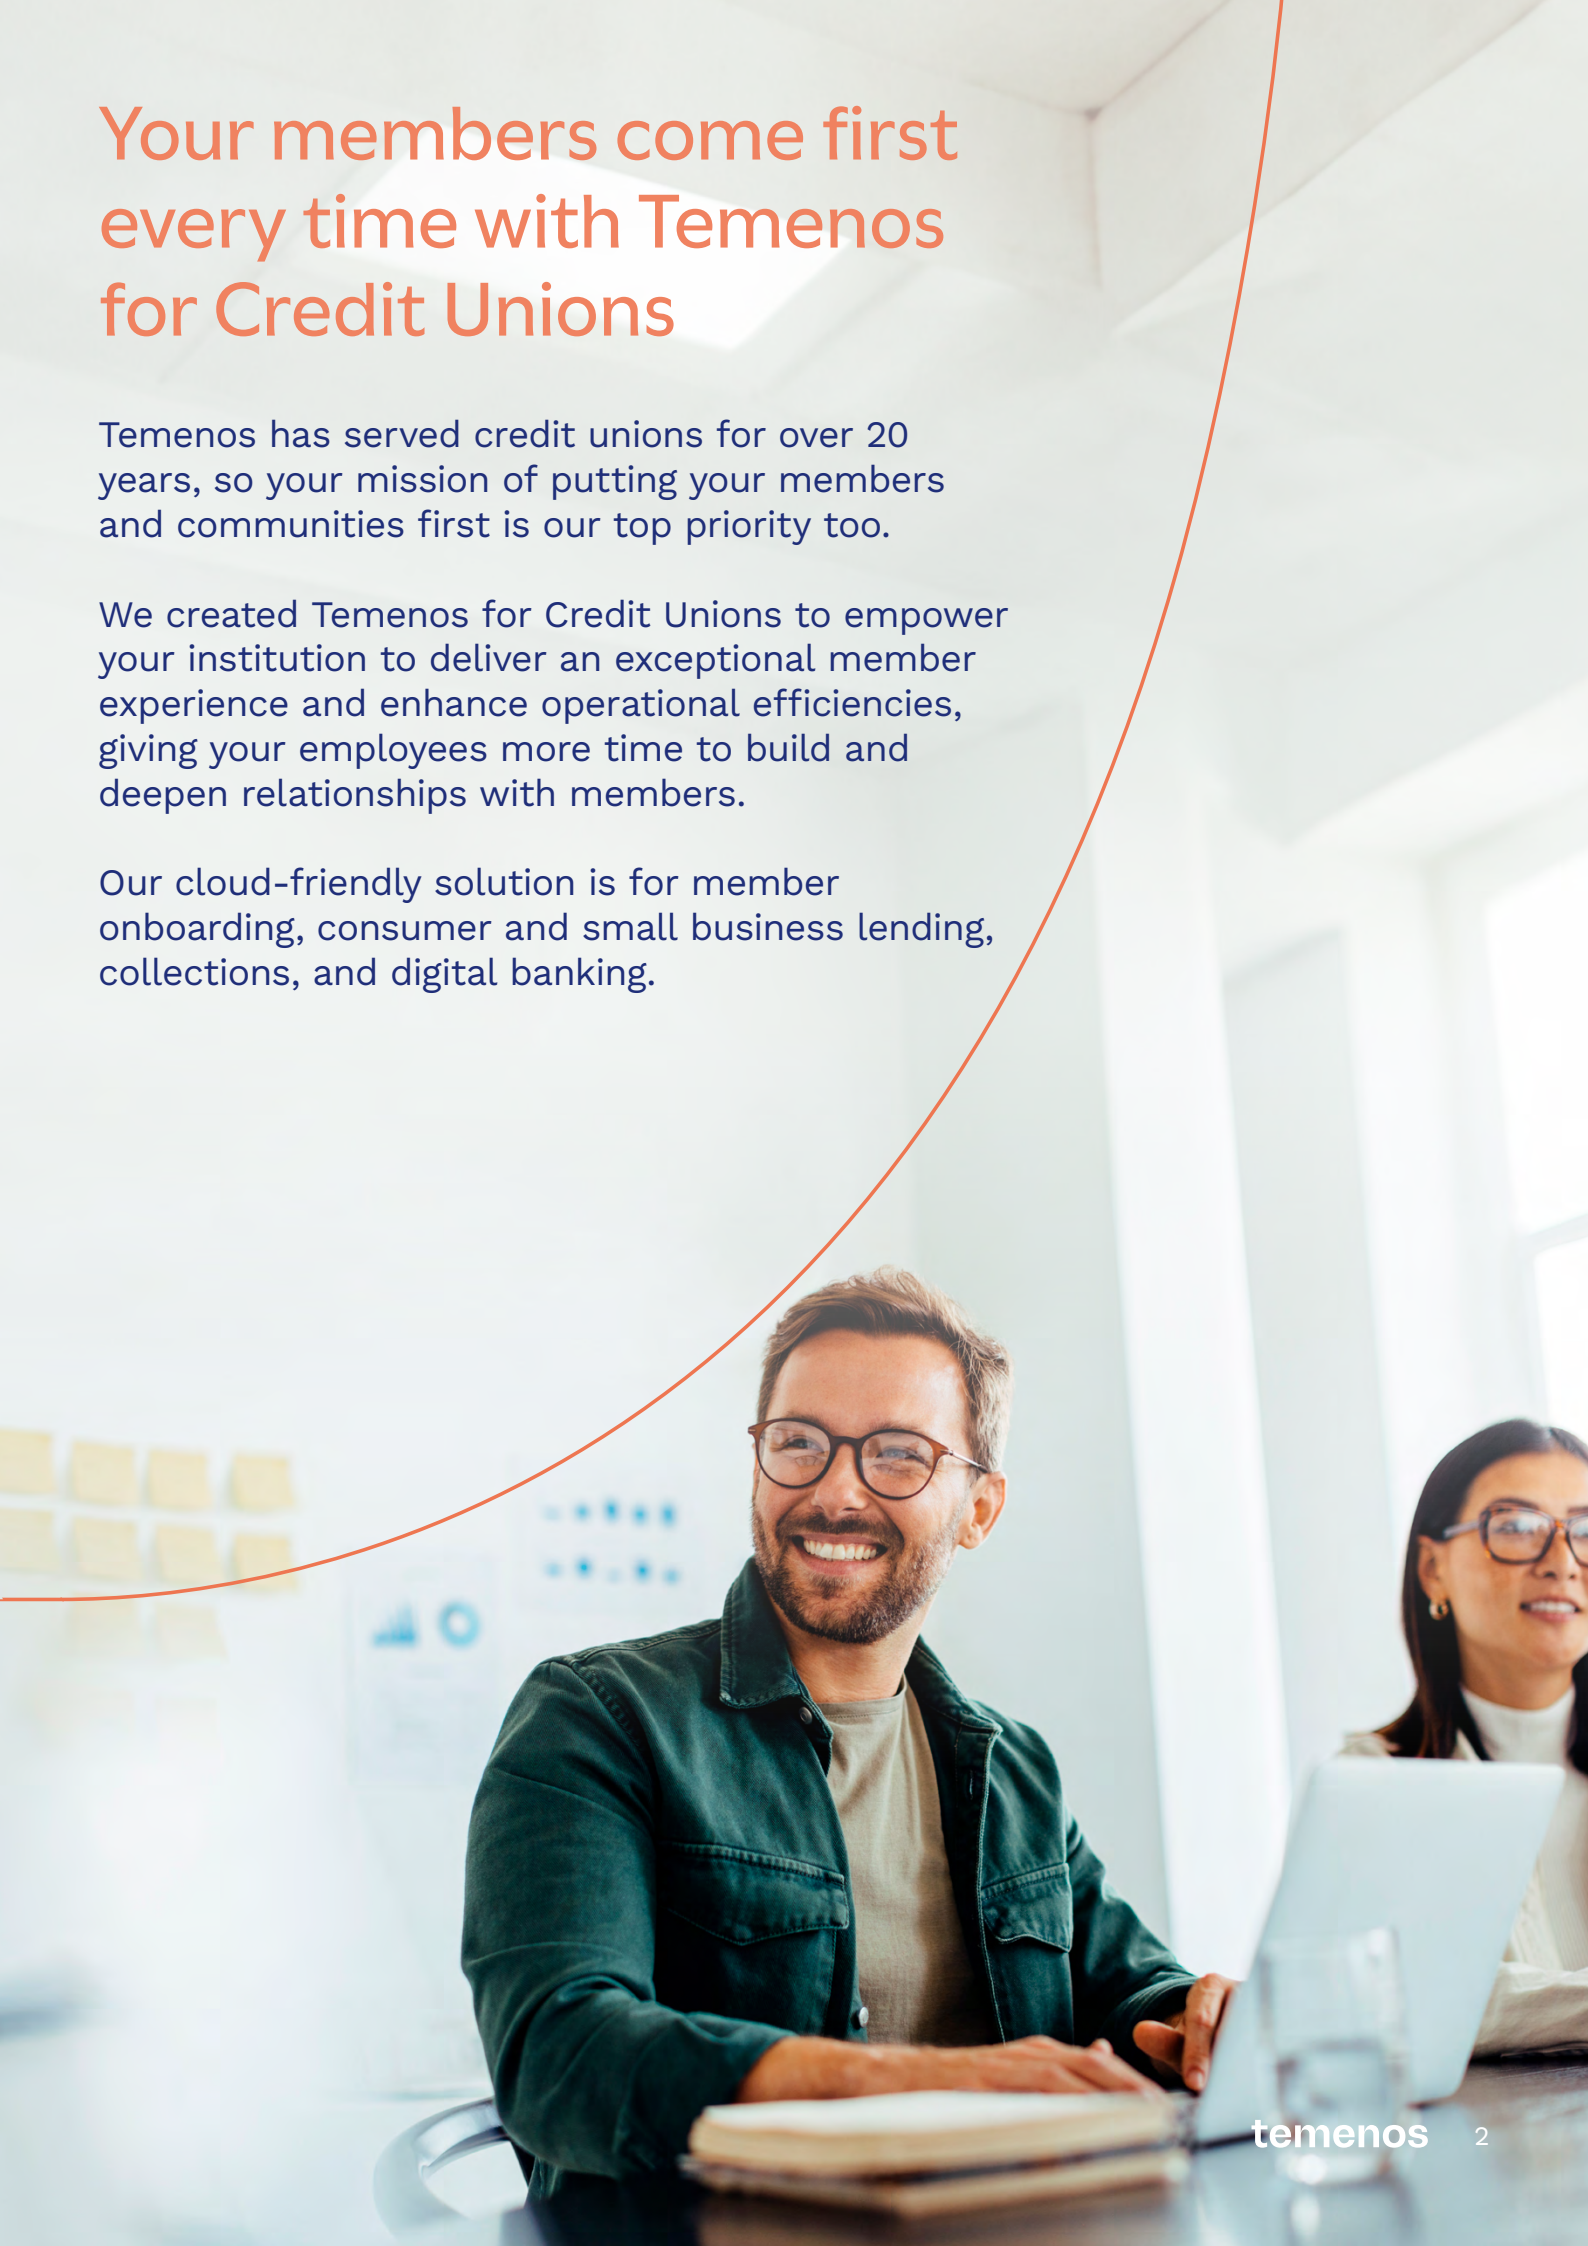

temenos

Your members come first every time with Temenos for Credit Unions

Temenos has served credit unions for over 20 years, so your mission of putting your members and communities first is our top priority too.

We created Temenos for Credit Unions to empower your institution to deliver an exceptional member experience and enhance operational efficiencies, giving your employees more time to build and deepen relationships with members.

Our cloud-friendly solution is for member onboarding, consumer and small business lending, collections, and digital banking.

A cloud-friendly solution to transform your member experience

Temenos for Credit Unions is a solution for creating, maintaining, and continuously improving the banking experience for both members and employees. With modules for onboarding, loan origination, collections, and SaaS banking, our solutions empower credit unions to deliver innovative products and services to attract, engage, and retain members while staying compliant.

Onboarding

Deliver outstanding member experiences that drive member acquisition, satisfaction, and long-term relationships with frictionless onboarding journeys.

Loan Origination

Take your lending to the next level with our innovative application for both direct and indirect lending that has raised the bar in automated solutions.

Collections

Reduce delinquency, increase efficiency, and boost collections efforts, all while creating a better experience for borrowers and lenders with a full featured collection management system.

Cloud for Credit Unions

Get the freedom to design, distribute, and manage a new breed of banking offerings in any business model, at scale, from the trusted SaaS in banking.

Temenos for Credit Unions Benefits

Fast Go-To Market

Accelerate delivery by focusing on configuring the most high-impact aspects of the software to create the greatest value and competitive advantage.

Agility & Responsiveness

Our open-API architecture enables the rapid and continuous integration of capabilities and services from the wider ecosystem.

Frictionless Digital Journeys

Drive member loyalty and engagement by delivering personalized product offers and true omnichannel banking experiences.

Automated, Rule-Based Processes

Optimize decisioning and focus on relational activities while maximizing operational efficiency, revenue growth, and risk management.

Extensibility

Safely explore and deploy new banking services and capabilities with our low-code tooling and catalog of APIs.

Hosting Optionality

Gain the benefits of continuous operations, cloud security and resilience when you deploy via Temenos SaaS, or deploy on-premise.

Best of Breed Integrations

Temenos is a leader in providing connected technology to the financial industry. Leveraging an open API and integration with best-of-breed providers, we connect key services with innovative software creating the optimal work environment.
