Product overview

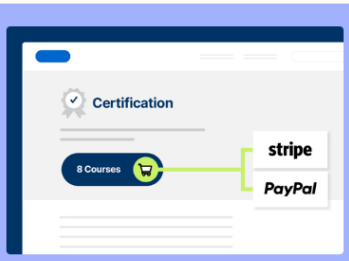

DESIGN

Take control of the learner journey

From quick tips to live sessions, Skilljar makes training dynamic with personalized paths and certifications, inspiring discovery.

Turn customers into experts

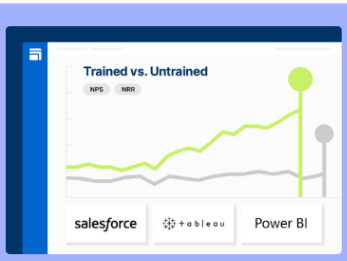

MONETIZE

Turn training into profit

Monetize effortlessly with flexible pricing options for courses, paths, subscriptions, or credits, using our payments and Salesforce integrations.

Fund your growth

DELIVER

Discover the ROI of a trained customer

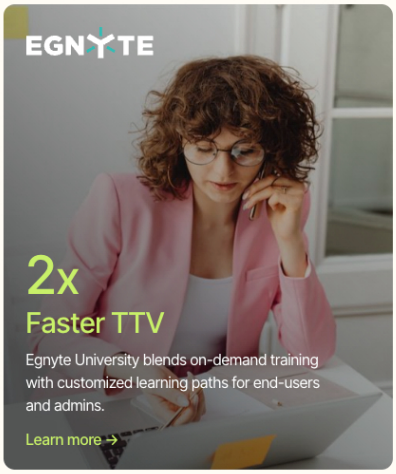

Transition from tactics to tangible results, leveraging analytics and Salesforce to link training with NPS, adoption, and customer retention.

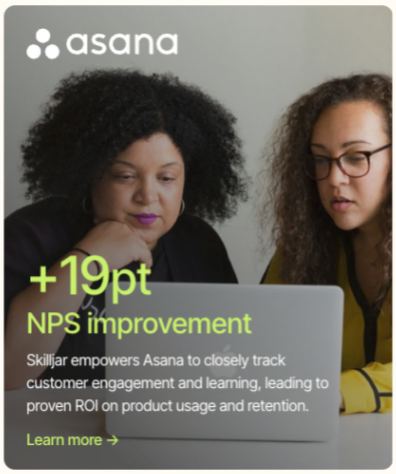

Prove your Academy's impact

The results speak for themselves

See how real companies deliver scalable customer learning programs with Skilljar.

More success stories

How Skilljar works

After a decade in customer education, we've learned that one-to-one training doesn't scale and how-to videos alone don't work. Here's what our customers do instead.
