wine, dine & gifting

Newton Vineyard

Get to know a mountainside vineyard with a rich legacy and exceptional wines.

What unique wines are you offering for the holidays?
For us at Newton Vineyard, the holiday season is always about celebrating the release of the latest vintage of our hallmark wine, The Puzzle 2018. For winemaker Andrew Holve, crafting The Puzzle is always an incredible challenge. “The Puzzle is a historical wine for us, made since the early ’90s. This 2018 vintage is a revelation of our Spring Mountain estate, and a testament to the combined effort of the winemaking and vineyard team to work in coordination.”

How are you helping patrons make the most out of their gift giving and holiday gathering experience?
This year, we have compiled a special holiday selection catalogue featuring a trio of The Puzzle 2018 and our best wines that can be ordered via our webstore. We also now have the option to gift a membership to our wine club, The Newton Circle.

Now that guests can come visit your establishment again, how are you making them feel welcome?
As we rebuild our winery and tasting room atop Spring Mountain, we are currently welcoming guests for private experiences at Brasswood Village, St. Helena. This was an important step for us to stay connected to our community and continue to share our wines.
