12 YEARS ZERO ANSWERS

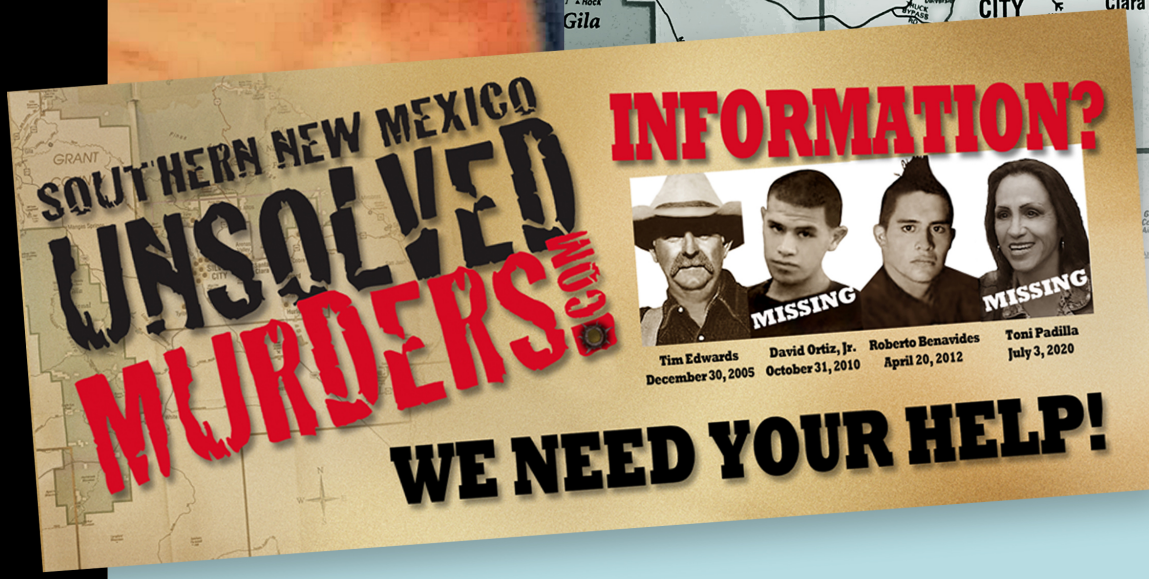
If your son was missing, would you ever stop looking for him?

Neither will we!

Elizabeth & David Ortiz

David Ortiz, Jr.
MISSING:
October 31, 2010

David's parents don't believe their son is alive. They believe he was kidnapped and killed the night he went missing by people he knew. They would like to bring their son's remains home so they can lay him to rest next to his sister Nichole, who was killed September 29, 2012.



Southern New Mexico Unsolved Murders is raising funds to highlight David's disappearance as well as other unsolved murders and missing persons in Grant County, New Mexico.
