

A test alone never changed a kid's life—transformative change begins with the decisions that come next.

Introducing NWEA Solutions

Designed to replicate best practices from our most successful partner schools and districts, Solutions are recommended products and services activated together to help educators tackle common challenges like student growth, early literacy, and personalized instruction.

NWEA Solutions are tailored to meet the unique needs of schools and districts, but ultimately, the result is the same: **better decisions for all students, every day**.
