

At Doernbecher
Children's Hospital,
we care about you
and your child.

DOERNBECHER
CHILDREN'S
HOSPITAL
Oregon Health & Science University

Creating a healing environment for you and your family is our priority. We want to do everything we can to make you feel comfortable and safe.

The care we provide is centered around patients and families. That means:

- We care about you as an individual.
- We attend to your physical, emotional and spiritual needs.
- We aim to earn your trust and become your partner.

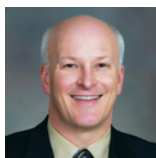

Knowing what we are doing well and what we need to do better helps us improve. You may receive a letter and a survey after your visit that will ask you questions about the service and quality of care you received. Your feedback is important to us. We will use it to make Doernbecher a better place.

However, please feel free to share your ideas when you're here: If at any time during your stay we are not meeting your expectations, please let us know. We always want to make it right for you.

Sincerely,

Jodi Coombs,
vice president for
OHSU Women's
& Children's
Services

**H. Stacy
Nicholson, M.D.,**
physician-in-
chief, OHSU
