MaintainX

Mastering Maintenance: 4 Practical Strategies to Reduce Maintenance Costs

Are maintenance costs eating away at your operational budget? You are not alone.

15-40%

The average organization spends 15–40% of its production costs on maintenance. - NIST

With intensifying competitive pressure and rising costs of materials and capital, maintenance managers are looking for innovative ways to reduce operational expenses while maintaining the reliability of their assets and the safety of their frontline workers.

In this guide, we'll walk you through four practical strategies to drive down short- and long-term maintenance costs, all while ensuring the integrity of your valuable assets. Each section in this guide will show you how you can reduce maintenance costs and track the results with the right key performance indicators (KPIs). Whether you're in manufacturing, facilities management, or an industry where maintenance is a significant expense, these practical strategies will help you cut maintenance costs, optimize your maintenance budget, and improve the bottom line.

Strategy #1
Front-load preventive maintenance

About MaintainX

MaintainX is the leading maintenance and work execution software, designed specifically for industrial and frontline teams. It helps companies streamline maintenance operations, improve asset management, and empower workers—all while delivering insights that can improve the bottom line. As a mobile-first platform, MaintainX delivers a modern, IoT-enabled solution for over 6,500 maintenance, reliability, and operations teams.

If you're looking for a CMMS solution that's easy to use and implement, look no further. The MaintainX platform manages over 15 million work orders and 2.5 million assets and is used by hundreds of thousands of workers globally. We help customers reduce unplanned downtime and increase asset availability while meeting complex compliance needs and keeping workers safe.

We're proud to serve some of the world's largest brands, including Duracell, AB InBev, Univar, Cintas, McDonald's, Titan America, and many more.
