

When seconds count, count on us.

AdventHealth Daytona Beach is now a Comprehensive Stroke Center

A stroke can happen at any time, anywhere. And when it does, you need specialized care, fast. Only a comprehensive stroke center is prepared to care for the most complex strokes 24/7. Our team of specially trained emergency physicians, neurologists, surgeons, nurses and more stand ready to help when it matters most. We offer specialized technologies and the latest innovations in stroke care.

As a result, AdventHealth Daytona Beach has a proven record of higher survival rates than primary stroke centers in the region, and higher than the national average.
