TEST AND PROTECT

Hamilton County CARES COVID-19 Testing

Stop the spread. Get tested.

Did you know that as many as 2 out of 5 people infected with COVID-19 have no symptoms? That means you could be unintentionally spreading the virus; and you won't know if you're infected without taking a test. Testing everyone, even those without symptoms, is the only way out of a perpetual cycle of caseload spikes. Test and protect your family, your friends and your community.

Test and Protect aims to stop the spread of COVID-19 through rapid, efficient and convenient testing in those areas and organizations within Hamilton County that need it the most.

Test and Protect is funded by Hamilton County CARES Act.
