

Convenient, Professional Open MRI, CT, & X-Ray

About Spencer Imaging Center

Spencer Imaging Center offers patients high-quality open MRI, CT scan and x-ray imaging services in a welcoming, transparent environment. Patients can rest easy knowing that our experienced team will tend to their needs with care, convenience and professionalism. Call us to schedule an appointment and we will handle the rest.

Contact Us

Varying pricing arrangements and high deductible insurance plans mean greater out-of-pocket costs for you. This puts more responsibility on you to explore your available options. Spencer Imaging Center provides high-quality imaging services utilizing board-certified, sub-specialty radiologists for one low fee.

Our Pricing

All Radiologists are board certified and our facility is American College of Radiology (ACR) accredited.

MAGNETIC RESONANCE IMAGING

AMERICAN COLLEGE OF RADIOLOGY
ACCREDITED FACILITY

Next level technology in open MRI, CT, and x-ray. Optimized subsystem components and fast computing in combination with advanced software algorithms for data acquisition and elaboration like Speed Up technology, TR Reduction, and dose reduction assure excellent and consistent image quality in short scan-times.

Spencer Imaging Center

A mindful cost approach
Transparent pricing
Convenient access
Respect for your time
YOU are the priority

Hospital Imaging

Inflated fees
Complicated charging
Long walks
Long waits
High volume

What People Are Saying

I had a same day appointment for a CT Scan, the cash price was less than what my deductible would have been. Professional staff, great facility.

All-American Teleradiology provides specialty radiology coverage to Spencer Imaging Center. Studies are reviewed by radiologists with advanced fellowship training and years of experience in areas such as musculoskeletal (orthopedic) imaging and Neuroradiology. This narrow focus of expertise helps to ensure you and your physician get the answers needed for an accurate diagnosis.
