Indigenous Awareness Month

By Siksika Media

Indigenous Awareness Month events kicked off June 1 in celebration of National Indigenous History Month across Canada.

"It's going beautiful today," says Alayah Wolf Child, Calgary Stampede First Nations Princess. "We got to a do fashion show with our Blackfoot Finance Class...It's been so incredible to watch all the student's blossom into such beautiful people throughout the year."

On June 8, Siksika Nation High School design and art students modelled traditional and modern men's and women's fashions. Some of the dresses and designing on the outfits included old-family designs. "I'm very honored to be part of it (Fashion show)," says Stewart Breaker, City of Calgary Indigenous Relations. "I'm so proud of our Nation youth."

Aiskapimohkiiks 20th Anniversary gathering

By Floyd Black Horse
Aiskapimohkiiks Gathering 2023 held at Blackfoot Crossing on May 30 & 31, 2023 is the 20th anniversary of Siksika Justice's court worker program.

"It was a nice reunion with everybody," says Dean Purcka, Gleichen RCMP, on day one of the gathering.

The two-day event delivered opening prayers, introductions of the program and guest speakers from Siksika Provincial Court such as Justice George Gaschler, Crown

Prosecutor Mac Vomberg, Retired Justice Eugene Creighton, and Froese Law representative Doris Label, Legal Assistant.

Speakers shared their history and experiences from being part of Siksika Justice's court system. They were acknowledging leadership of Siksika's Justice department and working with nation members.

One of the programs advocating for changes in the court system is Restorative justice. Restorative Justice aims to move away from the 'punishment' process of the Canadian Criminal courts.

Robbi Robinson, Siksika Court Worker, wants nation members to come and find out what Aiskapimohkiiks is all about and learn about Restorative Justice.

"We are wanting to create a balance for our nation," says Robinson. "We are not going to see changes right now, but I believe if we establish and implement the process of restorative justice for Siksika that you know in ten years we're not going to see youth in courts, we're not going to have a revolving door, we're going to have our youth connected with our elders... that is our biggest focal point right now is to reintegrate our traditional values, teaching and protocols to restore that balance."

Stephen Shirt, from Legal Aid Alberta, said he enjoyed how everyone came together.

"It's really good to see how they support the courts and the journey they've been on for the last twenty years," says Shirt. "It's an example of what should be done in all court systems."

Golden Hills

By Siksika Media

Golden Hills School Division held its 2nd annual Demonstration Powwow at Strathmore High School in the town of Strathmore, Alta. On June 1.

"It was awesome," says Powwow MC Spike Jr. Eaglespeaker. "The energy inside [the gymnasium] with all the students, teachers, N7 [Siksika-Nation 7 Program] crew coming out to help out, it was great."

Initial plans for an outdoor event were changed due to stormy weather but the two-hour afternoon powwow continued in the school's gymnasium.

This is Strathmore High and Crowther Memorial Junior High's first turn hosting the event, supported by a powwow committee. Students from the Siksika Board of Education schools participated, with representatives from each school joining in the dances.

MC Spike Jr., provided meanings and cultural descriptions of each dance while student dancers from k-12 participated in powwow dancing from powwow categories such as men's and women's traditional, jingle dress, fancy, chicken and grass dancing.

Many of the dancers, as the MC shared, we're telling stories as they danced.

One of the highlights from the event was bringing in students from the bleachers for a round-dance, a moment of celebration as everyone held hands and ran to the centre in a unity strengthening tight circle.

"We did like three different round-dances by the end," says Ros Schneider, Instructional Coach, Golden Hills School Division. "This was really cool to get to watch all the students and culture up close and tell us stories through their dance."

Agar Wolfleg, Indigenous elder from Siksika Nation, says it was nice to see a lot of dancers and respective schools coming together. He also acknowledges the liaison workers for their work and honoring the elders.

"We're very proud of everybody. This is the way we should be gathering, in friendship and this is how we get to know each other."

"I believe just looking at them [students] coming out in the round-dance, that's a friendship dance, and so to come out and not hesitate, come out and enjoy themselves... that's a good sign."

Quality Control Webpage update

The Quality Control Service Area (QCSA) is proud to announce the revision of our webpage!

What is QCSA?

QCSA is aimed toward detecting and preventing project risks, prequalification's bidding dissonance, or design-related errors or omissions from impacting the development of the project during

Presentations and educational resources – Providing quality through the Project Lifecycle – Quality Planning, Quality Assurance, Quality Control and Continuous Improvement. Here's how it's done! Ever been curious about becoming an engineer? Want to know more about project management? You will find this information here!

Project Updates – Although this isn't a comprehensive list of what's available for projects throughout the nation, these are some of them. Come take a look!

Meet the Team (Below chart)

its life cycle (i.e., detailed design or construction). The essence of QCSA is to deliver high quality projects through effective planning

You can find us by visiting <https://siksikanation.com/qcsa/>. As per the memo from Tribal Management found here – the purpose of QCSA will be identified as providing the following two streams: Regulatory (Mainstream) and Service (Secondary). Feel free to check it out!

We also have a great page of resources and initiatives for the Nations Membership! These are listed through the following categories:

Applications and Forms – Here you can request maps of the Nation, Home inspection forms and even request some training within the team for Project Management!

Specifications and Standards – This provides more information around the standards referenced, used and communicated with the projects we deal with on a daily basis

Policies – These are the policies we are governed by and that have been approved by Chief and Council

Want to know how we're involved?! Here's a current list of projects that we're currently a part of:

- Geotechnical investigation – performed to conduct subsurface data about the physical characteristics of soil as part of the asset planning and Community development program.
- Home inspections – Check homes experience risks of structural and foundation problems.
- Residential school area demolition at Cluny – currently in phase 2 read the Public Notice.
- RCMP Detachment – Located just east of the asset Old Chief Crowfoot School at Cluny. this will serve as a new RCMP detachment.
- West Regional Sewage System Study – Upgrading the water collection system Capacity.
- Flood Hazard Mitigation and Risk Study for the Bow River and other tributary.
- Internet Infrastructure Upgrade – currently in the tendering process.

BCHP Prairie Chicken Dance World Championships

We are thrilled to extend a warm invitation to all of you for the highly anticipated Prairie Chicken Dance World Championships, set to take place at the Piiksapi Memorial Arbour on June 29th, from 4:00 pm to 10:00 pm. Get ready to witness an extraordinary spectacle as talented dancers from across the globe gather to showcase their skills and compete for the prestigious title.

The Piiksapi Memorial Arbour, nestled in the heart of our community, serves as the perfect backdrop for this grand event. Its rich history and cultural significance make it an ideal venue to celebrate the artistry and traditions of the Prairie Chicken Dance. This unique form of dance, deeply rooted in Siksika culture, holds immense significance as a spiritual expression and a way of connecting with nature.

As the sun sets and the rhythm of the drums fills the air, prepare to be captivated by the graceful movements, vibrant regalia, and breathtaking footwork of the participants.

The World Championships provide a platform for dancers of all backgrounds and experiences to

compete, showcasing their passion, dedication, and skill. Witness the power and energy as participants give their all, pouring their hearts into each step, with hopes of claiming the title of Prairie Chicken Dance World Champion.

Beyond the awe-inspiring competition, this event is a celebration of culture, unity, and community. Immerse yourself in the vibrant atmosphere, indulge, and explore the local arts and crafts vendors showcasing their unique creations. This gathering serves as a bridge between cultures, promoting understanding, respect, and appreciation for the rich diversity of our world.

Mark your calendars for June 29th, and join us at the Piiksapi Memorial Arbour to be part of this remarkable event.

Don't miss this opportunity to embrace the culture and our heritage. We invite you to join us in celebrating the beauty and rhythm of this ancient art form and experience the warmth of community as we come together in harmony.

Walking With the Buffalo Within Program

This program helps to create traditional ripples within identity, family, environment, and community. Walking with the buffalo within bridges strength in mind, body, and spirit to make steps toward healthy changes through art therapy, stories, group work and vulnerability.

Trauma is self-inflicted pain that many people unknowingly carry on in their lives. This program was developed to help siksika and many others to become more aware of living in the present. There are so many issues of alcoholism, drug abuse, domestic abuse, sexual abuse, and depression which stems from intergenerational trauma. Siksika was an oral culture that thrived on community and clan systems however times have changed, and new innovative initiatives require programs that focus

on the individual using traditional stories to root them in who they are as siksikaikapiks.

Pam Sitting Eagle has completed a combined degree with the University of Calgary in the field of communication of culture and education. She worked twelve years as a certified teacher a Chief Old Sun Elementary school. Mrs. Sitting Eagle has completed the student assistance training program & support group facilitator training certification. Pam is an active traditional knowledge keeper and is part of the High Eagle society, providing traditional services to the community and surrounding areas. Pam is also, involved with the culture, language revitalization and siksika curriculum development through Classroom Champions. Pam and her husband Tyrone (Hutch) sitting eagle love to share with anyone

who is willing to listen and learn.

Pam Sitting Eagle resigned as an elementary teacher within the siksika board of education in the year of 2022 due to personal trauma which led to depression and health concerns. It was her passion for life and her children that pulled her out of her depression to help Siksika in a unique way. Siksika has many programs and initiatives through health services, and it was Dr. Q who listened to Pam's passion to help her community. Dr. Q gave Pam her first consultant job to facilitate to Health staff as a pilot project. It was well received by all who participated in, "the walking with the buffalo within program". To date, Pam has reached out to many organizations with Siksika Health's support and has successfully provided support to over a hundred Siksika individuals. Pam

has worked with the following Siksika health sub-areas such as N7, Crisis Staff, Siksika Prevention, Matrix program, family support services and University of Calgary Social Work Program. Pam's goal is to focus on Siksika people who are looking to change their lives for a better healthier way of life. Siksikaikapiks who want to strengthen self awareness, self worth, forgiveness, identity and healthy changes to overcome trauma and addictions. The ultimate goal is to reach 80-100% of Siksika population. In the future, Pam plans on expanding out to nearby communities and continue spreading traditional healing ripples.

Pam's message for everyone is to "be the ripple and learn, but strive to be the drop in people's lives!"
