

THE LEADING SELF-REGULATORY BODY FOR PROFESSIONAL ESTATE PLANNERS

Safeguard your company’s future, with a professionally written Will

Your organisation serves to provide expert financial and legal advice and services to consumers. To help them care for and safeguard their interests now and in the future. It’s equally as important to safeguard your own company’s bespoke interests with an expertly written Will. This is where The Society of Will Writers can help.

The Society of Will Writers is a non-profit making self-regulatory organisation which seeks to protect the public and serve the interests of individuals who are active professionals in your field. A Will brings a range of benefits. It can account for changes in law and taxation and is also a great way for your company to continue to support a charity. By making a Will you may be able to mitigate the amount of Inheritance Tax to be paid and you will be in control of who your beneficiaries are and how your money and property (both personal and business) will be dealt with.

Whether you need to write or review your Will, or want to talk about LPAs, you should speak to a fully trained and insured member of The Society of Will Writers to receive friendly, professional, and up-to-date advice

BECOME A MEMBER
