OPEN ON:

INT. TRAVEL AGENCY KITCHEN - DAY

A poster of a jet flying over a tropical island hangs on the wall. There is a lunch table with two chairs.

SPENCER (28), a jaded, self-empowered travel agent, upscale-casually dressed, sits at the lunch table and bites his sandwich.

BECKA (30), a manipulative, megalomaniac travel-agency boss in a super-cute skirt, walks in to harass Spencer. She is carrying a thermos of nasty fruit and vegetable juice.

SPENCER

Hey, Becka. Where's your lunch?

BECKA

I'm on a juice cleanse. Try it.

She sits down, knocks Spencer's sandwich off the table, and shoves the juice thermos at him.

Spencer reaches down, grabs his sandwich off the floor, and dusts it off.

SPENCER

Juice cleanses are for sheeple.

BECKA

Aren't you worried about your spare tire? And your pimples? You're just dripping with toxins. I can smell them.

SPENCER

Uh, no. My mom's a doctor, and I happen to know, there's no science to back up the claims of juice cleanses.

BECKA

But all your coworkers are doing it.

Becka claps her hands twice, and in shamle JACKSON, HERBERT, JILLY, and FILIPPA. They all look pale and crabby. They shamle like zombies. Each carries his/her own thermos.

The music comes on: an instrumental, karaoke version of "Time Warp" from the *Rocky Horror Picture Show*. (Yes, an instrumental karaoke version does exist on iTunes.)

Becka stands up and start to SING and dance with the others. They're trying to convince Spencer to go on a juice cleanse with her and the rest of the office.

BECKA (CONT'D)

It's amazing
Empty stomach
So small... is your waist
Buy a Cuisinart juicer

JACKSON

Or a Hamilton Beach, yeah?

BECKA

Just forget... about the taste
I insist you... do the Juice
Cleanse
Drinking that algae then
The hunger would hit me

BECKA AND JACKSON

Solid food would be calling

ALL EXCEPT SPENCER

Let's do the Juice Cleanse
together
Let's do the Juice Cleanse

JILLY

It's not a master cleanse

It's a master plan-an-a-a-a-an

JILLY

To take over Hawaii

ALL EXCEPT SPENCER

And build a secret lair
We're gonna throw all the

Into the vo-ll-ll-ca-a-a-a-a-

JACKSON

It's so scheme-y
The calories flee me
You don't wanna be me
I can't think at all

JILLY

I don't mean to scare
She's booked Hawaiian Air
Coach class
No meals at all

BECKA

When you go on the Juice
Cleanse
You'll find your mind bends
And with you, my army is
better
You're spaced out on
starvation--

JACKSON

Like you're under sedation!

HERBERT

Well, I was doing all my work
Just-a having my drink
When Becka, my boss, gave me
an evil wink
Well, she shook a juice up
She took me by surprise
She had a master plan
And the devil's eyes
She took my lunch, and I felt
a change
Food meant nothing, never
would again

The music winds down and STOPS. Spencer is at the center of
four pairs of frozen jazz hands.

SPENCER
So let me get this straight:
you're building a juice-zombie
army, to fly to Hawaii, to
build a secret lair, and then,
you're gonna toss all the
locals into the volcano?

BECKA
It's called "Mauna Loa".

SPENCER
You must be stopped.

Jilly kills Becka, then takes a bite of Spencer's sandwich.

JILLY
(zombie moan)
Graaaaaains.
